Dear Bookda:

We have uploaded two copies of Form 990, Return of Organization Exempt from Income Tax to your secure client portal site on our ShareFile system. One is for your records and one is for public disclosure purposes. We have removed all of the information that is not open to public inspection from the public disclosure copy. You should supply a duplicate of the public disclosure copy to anyone who requests a copy of the organization's return.

We have electronically filed your federal Form 990 with the Internal Revenue Service. It is not necessary to submit a paper copy of the return.

We have retained a copy of the signed Form 2848, Power of Attorney and Declaration of Representative in our files.

We prepared the return from data you furnished without verification by us.

We are pleased to be associated with you and look forward to our continuing relationship. If you should have any questions regarding the enclosed, please call us.

Sincerely,

Jane M Searing
